Part III Statement of Program Service Accomplishments

Check if Schedule O contains a response or note to any line in this Part III Yes No

1 Briefly describe the organization's mission:

To promote railroading by educating those interested in the many aspects of railroading while providing a place for individuals and groups to meet to achieve those interests.

2 Did the organization undertake any significant program services during the year which were not listed on the prior Form 990 or 990-EZ? Yes No

If "Yes," describe these new services on Schedule O.

3 Did the organization cease conducting, or make significant changes in how it conducts, any program services? Yes No

If "Yes," describe these changes on Schedule O.

4 Describe the organization's program service accomplishments for each of its three largest program services, as measured by expenses. Section 501(c)(3) and 501(c)(4) organizations are required to report the amount of grants and allocations to others, the total expenses, and revenue, if any, for each program service reported.

4a (Code:) (Expenses \$ 4,676 including grants of \$ 0) (Revenue \$ 16,475)

Buckeye Limited Convention - triannual event: This event was held in 2023 and is scheduled to occur every three years. The event brings together fellow railroaders and the public to learn about different aspects of railroading through participation in seminars that are hosted by railroad experts in their field of expertise. Vendors also participate in this event, allowing others to see the latest in equipment and products. This event also allows others to pass along new ideas, techniques and concerns related to railroading. We provided the public the opportunity to see rail equipment at work and to ride if they choose to. In 2023 we had over 350 participants from 17 plus states and three countries over the 5-day event, which was managed by over two dozen volunteers. The seminars were later placed online, at no cost, for public consumption. Our goal for the convention and all future conventions is to continue to educate those new and old who are interested in railroading.

4b (Code:) (Expenses \$ 266 including grants of \$ 0) (Revenue \$ 0)

COALS holds nearly a dozen operating meets and activities each year bringing the public and those interested in railroading to our facility for gathering, communing and learning. Our operating activities normally run from April through November and are mostly held during extended weekend periods but can be made available during the week when adequate volunteer assistance is available. These individual events, usually attended by as little as 15 to as many as 200 people, are used to teach individuals different railroad operating techniques while also providing the opportunity to ride on a train. Some of the learning activities include the use of block signaling systems as well as dispatch operation and card order sessions. Not only does this provide for others to learn different railroad dispatching techniques but it also provides a historical perspective of railroading. Other activities include group outings for youth like Boy Scouts and Trail Life. In 2023, COALS hosted their first Trail Life weekend, where nearly 50 youth and their parents participated in an overnight stay where we worked with the youth to learn about railroads, their hazards and operations, and in 2024 we will host a railroad merit badge event for the Boy Scouts of America where we anticipate over 180 youth will be in attendance. We have in the past and will continue to host the public for the Coshocton County Fall Farm tour. The last time we participated was in

4c (Code:) (Expenses \$ 0 including grants of \$ 0) (Revenue \$ 0)

COALS also holds around ten working and learning sessions each year to teach other how to construct and maintain a railroad while at the same time helping to maintain and improve our facilities. Each session occurs over a two-day period, and it allows those who are learning construction techniques to learn from those more experienced. Over the past year COALS' volunteers have helped train others in the construction of a new building, nearly a mile of new railroad right-of-way, leveling and grading, as well as the design and construction of a new bridge and tunnel. Individuals have also been able to learn how to use different types of construction equipment like dozer, backhoes and tractors. These sessions usually have an attendance of anywhere from five to twenty individuals depending on the weather and the time of year. Sessions also allow an individual to better understand the techniques needed to meet the "Track Standards" that we have posted on our website and that we find so commonly accessed by the public for their own use. The expenses for these activities were not broke down in 2023 and are shown as part of Part IX Column C - Management and General Expenses.

4d Other program services (Describe on Schedule O.)
